Co-funded by the
Erasmus+ Programme
of the European Union

WOW PROJECT GOALS

- 1 To increase the accessibility of water sports reducing barriers that limit the possibilities of social inclusion, the promotion of equal opportunities and the “sport for all” approach principle
- 2 To strengthen volunteers skills in organization and management of activities and events of water sport associations by improving their role as professional providers of personal services to local communities
- 3 To remove cultural barriers in young people and adults, especially among families, teachers and school administrators, that limit water sports practice thanks to the transfer of technical, environmental and cultural knowledge
- 4 To reduce the early dropout phenomenon in water sports through new innovative methods of teaching, coaching and educating to “sport for all” values
- 5 To enhance the perception of water sports role in young people education through new forms of collaboration between the different actors of civil society

DIVERTEK

Presentación

Divertek es un club que nace el 9 de Octubre del año 2009 bajo la dirección de tres instructores de la Federación Vizcaína de Actividades Subacuáticas. Inscrito en el Registro de Entidades Deportivas con el nº 4296

Se trata de un nuevo proyecto, cuyo objetivo es elevar el nivel técnico y de seguridad entre los buceadores. Para ello realizaremos cursos de formación, práctica continuada del buceo y facilitaremos a los socios el acceso al buceo técnico con mezclas de aire enriquecido con oxígeno y helio, utilización de propulsores (torpedos) para desplazamiento y uso de otros equipamientos de buceo técnico.

De esta manera trataremos de facilitar el buceo de mayor duración y a mayor profundidad, evitando los altos costes que tiene, y disminuyendo los peligros y riesgos de este tipo de buceo.

Se realizarán salidas de buceo aptas para todo tipo de buceadores, tanto desde tierra, como desde embarcación.

También se realizarán salidas de buceo restringido a cierto tipo de buceadores: buceo nocturno, profundo, buceo en grutas, buceo con mezclas (nitrox, trimix), y buceo con equipamiento técnico específico.

Las actividades se realizan sin ánimo de lucro, con el fin de promocionar la práctica y desarrollo del buceo.

Los técnicos de Divertek pertenecen también a otros clubes de buceo, aunque el nuevo proyecto y la dedicación que requiere, supondrá que centren su actividad en los objetivos de Divertek.

NORTHWIND

A little history

NORTHWIND born in 2004 as a **SCHOOL AND SHOP KITESURF**, hand **Francisco Javier Martinez and Hector Perez**, a pioneer in the sport in the Cantabrian coast. A difficult yet exciting, complicated but fascinating project. With hard work, making customers, friends, and always looking for continuous improvement

From then until now, regarding teaching kitesurfing nationwide. In 2005 we set our facilities on the beach where alternate Somo Somo teaching and the Ebro in summer. Without a doubt, the best spots in northern Spain for kitesurfing. We can proudly say we are the only school-kite shop in northern Spain with fixed installations and activities throughout the year. And we also know that "plus" very few can say, and why we are proud.

BIRTH OF OUR SCHOOLS

In 2009 we realized that something had changed, no longer were looking for just the wind, but we moved the "**WATERMAN SPIRIT**", love all sea sports and unite us with this means exciting: **kitesurf, windsurf, paddle-Surf (SUP) and surf**. And in that year we incorporated the **SCHOOL OF PADDLE SURF (SUP)**, and not as a complement, but as school and shop specializing in this sport. We were not looking opportunism, we liked the SUP, we believed in the possibilities of Paddle Surf and therefore propose courses, programs and numerous activities for the promotion and teaching of SUP in Cantabria and outside the region as well.

In the summer of 2013 we put another leg to this table and born **SURF SCHOOL** Northwind. Introductory courses and rentals Somo beach, a place (spot) excellent forum for learning and perfecting the surf. One thing was clear when we took that step, our surf school is no more, we give a personalized treatment, care much teaching, personal attention and teaching ratio. Very low to have fun, learn, progress and always under the scale of maximum security groups.

And finally, in 2016, we closed the circle to be a "watersports company" creating **WINDSURFING SCHOOL** Northwind. The goal we have very clear: teach and guide you in your first steps in this exciting sport. Perhaps because we've practiced for nearly 20 years we have sought a material that will facilitate your first steps.

KABRATXO

Our diving center is located in the Puerto Deportivo de Getxo, a coastal town near Bilbao. The ease of access and our location next to the boarding point, make comfort one of our best features.

Tarpoon is classified as **PADI 5 stars IDC Center** -the only one of the Basque coast with this category-, endorsement of the quality of our facilities, and of the **wide range** of services that we have available for divers and for those who wish to be.

Among these services we can highlight the courses, taught by an **excellent staff of instructors** and the outings to dive to nearby points, with very special and entertaining dives.

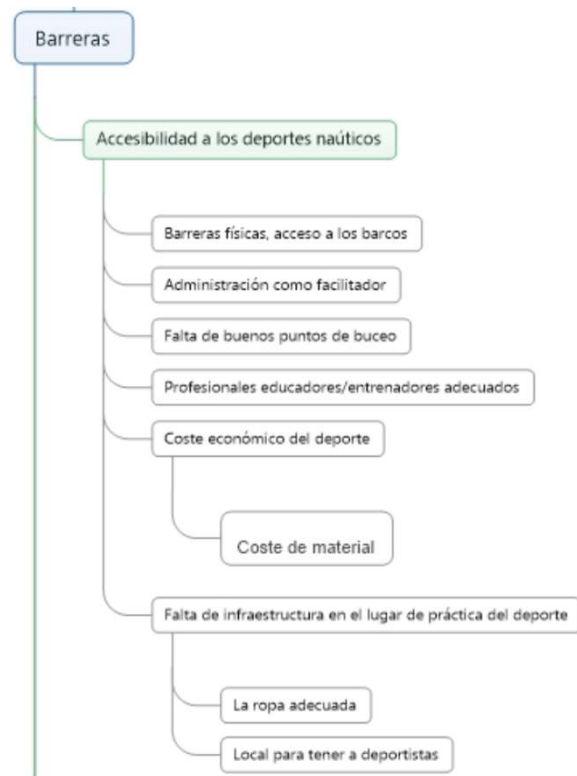

If you are thinking about acquiring diving equipment, in **our store**, we offer material from the **leading brands**, with the maximum guarantees and the best after-sales service. You will also find nautical and leisure clothing.
